Message

I am happy that Eastern University is going to hold its 7th Convocation in a befitting manner. I would like to congratulate the graduating students, their parents, faculty members and the university authority on this auspicious occasion.

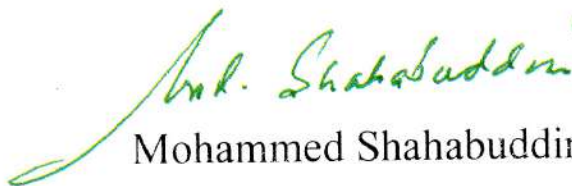

In the recent years Bangladesh has experienced unprecedented growth in economic sector and has already made her mark in the world by appearing as a role model of development. Under the visionary leadership of Prime Minister Sheikh Hasina, the government has now set its goal to become developed, happy and prosperous 'Smart Bangladesh' by the year 2041. To achieve this goal, quality education can play a pivotal role in this regard. I hope universities of Bangladesh would take all-out measures to equip their students with quality education and ethical values.

Convocation is a milestone for the graduating students as well as for the university as it acknowledges the achievements of the graduates and helps the university to evaluate its overall activities. Students graduating today are the leaders of tomorrow. I urge the graduating students to strive towards building a society embedded with morality, equity and patriotism. I hope our graduates will utilize their learning to build up a Sonar Bangla as dreamt of by the Father of the Nation Bangabandhu Sheikh Mujibur Rahman. I wish them a bright future.

I wish the 7th Convocation of Eastern University a grand success.

Joi Bangla.

Khoda Hafez, May Bangladesh Live Forever.

Message

I am happy to learn that the 7th convocation of Eastern University is being held on 19 September 2023. On this joyous occasion, I extend my heartiest greetings and best wishes to all the graduating students, their parents, current and ex-students, faculty members, officials and staff of the university.

On this special day, we are reminded of the significant role that education plays in shaping our nation's future. In the reconstruction of the newly independent, war-ravaged Bangladesh, the Greatest Bangalee of all time, Father of the Nation Bangabandhu Sheikh Mujibur Rahman had attached top priority to education sector. Following the footsteps of Bangabandhu, the Awami League government has always worked for the development of the country's education system. During the last 14 years and a half our government has made commendable achievements in the education sector. We have enacted 'Private University Act- 2010' to develop the quality of education at the private universities. Our government has adopted the 'Strategic Plan for Higher Education in Bangladesh: 2017- 2031' to improve the quality and scope of higher education and make it internationally competitive. We have established 23 public universities and 54 private universities since 2009. These include specialized universities like Agriculture, Veterinary and Animal Sciences, Science and Technology, Medical, Digital, Islamic-Arabic, Textile, Maritime, Aviation and Aerospace, Private Fashion and Technology. Opportunities have been created to set up permanent campus of world class private universities in Bangladesh with the enactment of 'Cross border Higher Education (CBHE) Act-2014'. ICT Awards, Academic Innovation Fund, Bangabandhu and Prime Minister Fellowships have been introduced to promote higher education and research activities. We have laid emphasis on technology-based modern education system to combat the challenges of the 4th Industrial Revolution.

As we move forward, I encourage the new graduates of Eastern University to continue pursuing their dreams and aspirations, to use their knowledge and skills to make a meaningful contribution to our nation. I also believe that the students of this university will play a proactive role by applying their acquired knowledge, talents and creativity to build a smart and hunger-poverty-free Golden Bangladesh by 2041 as dreamt of by Father of the Nation Bangabandhu Sheikh Mujibur Rahman.

I wish the 7th convocation of Eastern University a grand success and a bright future for all the graduates.

It is indeed a happy occasion for Eastern University that they are going to hold their 7th Convocation on 19 September 2023. On this day, students, teachers, guardians and all the stakeholders of the university are going to celebrate as it is the moment when their concerted efforts will find fulfillment through this certificate giving ceremony. Let me congratulate them all and especially the students who have waited for this crowning moment of their academic achievement so fervently.

Let me take this opportunity to put on record my appreciation of all the commitment and the dedication the Eastern University authority has shown in continuing to maintain the standard of education. This is my hope that the graduates who are passing out today will work towards building up a prosperous Bangladesh as envisaged by our Father of the Nation Bangabandhu Sheikh Mujibur Rahman. The skills and knowledge that they have gathered will be put to service for the welfare of the country.

A world dominated by cutting edge technology and artificial intelligence needs an educational system and a curriculum which will be able to give answers to its demands. I am sure Eastern University has set its goal towards actuating such a curriculum. The present government under the able leadership of our Honorable Prime Minister Sheikh Hasina has worked out a vision of reaching the destination of Smart Bangladesh by taking digitalization a step further and I believe Eastern University would do its bit in this journey by providing necessary research and innovation in the academic fields.

I wish the Convocation a great success.

It is my pleasure to learn that Eastern University is going to hold its 7th Convocation on September 19, 2023. It is undoubtedly a moment of joy and celebration both for the University and for the graduating students.

For the graduates Convocation brings about a feeling of fulfillment. Thus it is no wonder that they would observe the day with unadulterated joy and merry making. True as it is, it is equally pertinent to remember that the occasion also heralds a new phase of their life where they will be tested by the practical calls of ministering to the needs of their family, society and the state. So, they need to brace themselves to rise to those demands. They have to remind themselves that utilizing the knowledge gained from education is as much important as acquiring it. I am sure with the knowledge and skills that they have attained over the years they will accomplish the feat of harnessing the academic learning with the pragmatic requirements of their daily lives. Let me wish the newly conferred degree holders best of luck!

Under the visionary leadership of the Honorable Prime Minister Sheikh Hasina our government has realized the dream of maximum digitalization in all sectors of national life including that of education. We must now work towards transforming from Digital Bangladesh to Smart Bangladesh by meeting the demands of the 4th Industrial Revolution. Education sector, especially higher education, must play a vital role in this regard through innovative research and creating skilled graduates. I am sure Eastern University is awake to the necessity and geared towards working together with the government to achieve the goal in the near future.

I wish the Convocation a grand success.

I am delighted to know that Eastern University is going to hold its 7th Convocation at the International Convocation Centre, Bashundhara, on 19 September 2023. On this auspicious occasion, I would like to extend my heartiest congratulations and felicitations to the graduating students, their proud guardians, the faculty members, members of the Board of Trustees and all concerned.

It is a matter of pride that private universities are now making substantial contributions in advancing the economic and social development of the country by producing skilled graduates. Private universities represent a vital segment of our higher educational institutions. Since these universities are an integral part of our higher education system, quality educational facilities must be provided at an affordable cost for the benefit of our nation. I do hope that the university authority will take all the necessary steps to build an amazing environment where the students, teachers and researchers can work to give the best output.

Universities should pay maximum attention so that students could be equipped with proper knowledge to face the challenges of 4th Industrial Revolution (4IR) and contribute to developing a Smart Bangladesh. The journey towards the future goals of the outgoing student should meet the vision of our Honorable Prime Minister Sheikh Hasina who is leading the Smart Bangladesh movement. I believe that Eastern University is working towards achieving this goal by ensuring outcome-based education and by equipping its graduates with necessary tools who will build the 'Golden Bangla' as dreamt of by the Father of the Nation Bangabandhu Sheikh Mujibur Rahman.

Once again, I congratulate the graduating students for their achievements and wish the Convocation a great success.

It is a great pleasure to know that Eastern University is going to celebrate its 7th Convocation on September 19, 2023. On this occasion I congratulate all the graduates, teachers, trustees and the proud parents or guardians of the graduates for their hard work and dedication. Bangladesh is rapidly developing and is gradually emerging as an example of economic stability in the world. This has been possible for the wonderful leadership and guidance of Honorable Prime Minister Sheikh Hasina. In order to advance towards a sustainable development and smart Bangladesh, we now need skilled manpower and the universities are the right place to provide the nation with fresh, energetic, skilled and smart manpower. The University Grants Commission (UGC) of Bangladesh has been taking all possible measures to ensure the standard and updated educational practices both in public and private universities. This, in fact, is in line with the dream that the Father of the Nation Bangabandhu Sheikh Mujibur Rahman had while he fought for the independence of our country.

Eastern University deserves an accolade for their striving effort to fulfil the requirements as per guidelines of the UGC. I believe Eastern University is going to continue its progress in making successful graduates and will actively contribute in materializing the Bangladesh Government's 2041 vision.

Once again I convey my heartiest congratulations to all the graduating students and wish them luck in their future endeavors.

I wish the 7th Convocation a great success.

Message

With great joy and pride, I extend my warmest greetings to all of you on the occasion of the 7th Convocation of Eastern University. Today marks a momentous milestone in the journey of this esteemed institution - a journey that has been defined by dedication, excellence, and the relentless pursuit of knowledge.

Over the years, Eastern University has stood as a beacon of academic progress, nurturing young minds and empowering them to shape a brighter future. As the Chairman of the BOT, I am humbled by the praiseworthy success we have achieved, and I am inspired by the rapid growth we have witnessed in providing quality education.

Our vision to become a leading university in South Asia in our chosen fields of education is not a distant dream; it is within our grasp. We strive to be a "Centre of Excellence," setting new standards of quality education in Bangladesh and beyond. Together, with the unwavering support and cooperation from all concerned, I am confident that we will be able to contribute significantly to the building up of a Smart Bangladesh as enjoined by our Honorable Prime Minister Sheikh Hasina.

Before I conclude, I would like to express my heartfelt gratitude to our esteemed faculty, dedicated staff, and all those who have contributed to the success of this university. To the parents and guardians who have entrusted to us their most precious dreams, thank you for believing in our vision.

Congratulations, graduates! May your journey ahead be filled with boundless opportunities and triumphant success. Eastern University stands proud of each one of you, and we eagerly await the remarkable accomplishments that lie ahead.

Thank you, and may the spirit of Eastern University's excellence guide you always!

Joi Bangla, Joi Bangabandhu

It is a matter of great pride that Eastern University is holding its 7th convocation on September 19, 2023 and that 3109 students are graduating in this convocation. For the graduates, convocation marks the formal recognition of their academic achievement and a day of celebration for their success. The students are joyous rightfully as they have realized their dreams. They are ready now to start off proving their worth in the practical world. Let me, therefore, congratulate the graduates on this festive occasion.

For the University, convocation stands as a milepost showing vividly its continuous growth and success through the realization of its vision by meeting its commitment to the students and guiding them to reach the goal of their academic pursuit. On this day, by fulfilling its obligations to the students the University feels reinvigorated to venture further afield. The parents, family, friends and the community have also their share of the joy of the event with the graduates. I am confident that all the participants in the convocation will enjoy every moment and I wish them all a "Happy Convocation."

At present the world is going through rapid technological changes due to the advent of Artificial Intelligence which is making claims on us in terms of the realignment of traditional learning and pedagogy. We, at Eastern University, are working towards rising to these demands by overhauling the curriculum and increasing the digital facilities for the students and teachers. I am sure our graduates have availed themselves of these opportunities and have attained a well grounding in technological know-how with which to work in the professional fields.

But at the same time the graduates must know that only mechanical accomplishment cannot be the goal of a true human being. They must cherish high ideals and ethical standards to advance the welfare of the greater humanity. They must remember a fulfillment which is only self-centered will bring about development that soon degenerates into divisions, enmities and disparities and education should not serve these monsters. So they should use their education to build up cooperation and social justice at the same time.

May Allah grant our graduates success in life and peace for all of us.

May Bangladesh Live Forever.

Speech of the Convocation Speaker

7th Convocation, Eastern University

September 19, 2023

Hon'ble Chief Guest, Deputy Minister, Ministry of Education, Mr. Mohibul Hasan Chowdhury, M.P.

Special Guest, Dr. Bishwajit Chanda, Member of the UGC,

Respected Vice Chancellor of the Eastern University, Professor Dr. Shahid Akhter Hossain

Chairman of the Board of Trustees, Mr. Mohammed Ali Azzam

Deans of the Faculties and the Academic Staff

Dear graduating Students and their Parents and Guardians

My Dear Colleagues

And all the other stakeholders of Eastern University

A very good afternoon to you all!

We have gathered here on this bright, sunny afternoon to share the joy and excitement of a group of youths who are about to step into the real world after completing their degrees. I was honored to be invited to deliver the convocation speech of the Eastern University today.

Let me start my speech by thanking the Marshal of the Convocation for his kind introduction and I also thank the Vice Chancellor for inviting me to speak today.

First of all, a big congratulations to all of you!

You should be very, very proud of yourselves for accomplishing this goal. I know that you all are eagerly waiting to get your hands on your certificates and run out into the world with dreams that you have been cherishing all these years. In this regard, it is pertinent to quote from former US President Mr. Barack Obama who said, "Cynicism has never won a war, or cured a disease, or started a business, or fed a young mind, or sent men into space. Cynicism is a choice. Hope is a better choice". I want to voice the famous quote Hope is a better choice than cynicism. So, you must have high hopes at the beginning of your real life.

To the families of the graduating students,

Congratulations to you, all! I am sure that your support all through these years has helped your wards successfully cross this important phase of their lives to embark on a new journey in the profession that they have chosen.

Dear Students,

Graduation is one of those steps in life that defines a coming of age – the ending of one era of life, as a student, or as an apprentice, and moving on to a new phase of life where you will gradually evolve to be a leader, a doer, an achiever in the wider world. I am pretty sure that many of you have plans and have a good idea of what awaits you next. But you have to have a dream and have to have hopes to achieve the goal.

You see, I graduated from the University of Dhaka in 1968 and then I got my PhD from the University of Manchester in 1976. I also had dreams. And I had to work hard towards achieving those dreams. I cannot say the journey was smooth. Neither can I claim that I have had success in all the initiatives that

I have undertaken. Do you know why? Because life is not a fairy tale where everything gets sorted out or there is always a happy ending. Yet, here I am standing, right in front of you, as I am now. I have seen the highs and the lows of life. There were times when I thought to give up. But in that instant, hope took over the place of frustration. Hope injected a new energy to move on. Hope guided me through the dilemmas of life. Hope had been the compass on the rough journey through the turbulent sea of painful failures. And now I speak to you not as a professor, not as a policy maker but as a fellow graduate who graduated some 55 years ago; who dreamt just like you now; who complained just the way you do now; who wanted to give up just the way you do now; who also had secrets the way you have. And from one fellow graduate to another, if you ponder over my words a little, you will be able to show the world what potential awaits you and what will make you and your country proud of you, and the society will in some way be grateful to you for your contributions.

However, life does not always follow the plans you lay out for yourself. There may be times you will experience too many difficulties and just not enough smooth sailing. Your true success, in fact, will be defined by how you handle the difficulties and the hardships. As you graduate, chances are you won't be making fame or money as you have dreamt of. As a matter of fact, you might not get the first, second, or third job you are interviewed for, the entrepreneur might not have her/his ideas get worked out in the first, second, or third chance. The important thing is you have already taken the strides needed to build a more promising future. Every class you have taken, every lab attended, every essay written, every argument you were in, every certification you have earned, every program you participated in, and every event you organized; all have contributed to your preparation to adapt to change and challenges, have increased your tolerance of ambiguity. As you know, it is a tough world out there – nothing will come automatically in your way – you must earn it. And just because you will have to earn it, it will be much more rewarding and precious than anything else in your life that comes in an easy way.

Steve Jobs, the greatest tech entrepreneur of the time said at the commencement lecture at Stanford University, "Your time is limited, so don't waste it living someone else's life. Don't be trapped by dogma – which is living with the results of other people's thinking. Don't let the noise of others' opinions drown out your own inner voice. And most important, have the courage to follow your heart and intuition. They somehow already know what you truly want to become. Everything else is secondary – stay hungry stay foolish. The fight against normalcy is perhaps our most important fight in life."

Ladies and Gentlemen,

From its inception, Eastern University has contributed much to the higher education sector of our country. With the boom in our education sector under the able leadership of the Honorable Prime Minister Sheikh Hasina, the private sector at the tertiary level of education has prospered well. The apex body of all the affiliated public, private, and international universities of Bangladesh is the UGC which our founding father Bangabandhu Sheikh Mujibur Rahman established the 1973 (effective from 1972). I had the opportunity to work as its Chairman for four years, from 2011 to 2015. So, I have had firsthand experience of the changes in private universities. The updated policies of Sheikh Hasina's Government have paved the way for the higher education of Bangladesh to be able to produce skilled manpower to face the challenges of the 4th Industrial Revolution. Of course, technology, innovation, and skills are the essential elements of the 4IR. To ensure your employability it is important that you have exposure to Science, Technology, and innovation and you should have at least some soft skills needed to survive in society. These skills, no doubt, are the weapons with which you are going to

compete in the job market, in the business sector, and in scientific endeavors. They have honed both character traits and interpersonal skills that will influence how well you are going to perform or interact with others. These cover a wide range of skills as diverse as teamwork, time management, empathy, delegation, English language proficiency, and IT skills. The World Economic Forum has suggested that by 2025, complex problem-solving, critical thinking, creativity, people management, and emotional intelligence will be among the most important skills required in the workplace. I believe Eastern University produces graduates equipping them with these skills. Eastern University has been sincere in meeting the compliances of the Ministry of Education and the UGC. They have never faltered in their objective of becoming a leader in quality education. And they have achieved the result of their hard work. Out of 110 private universities of Bangladesh only 9 to 10 have received permanent certificates from the Ministry of Education so far, and Eastern University is one of them. I expect that the university will continue to strive to achieve excellence and be a flag bearer in the development of the higher education of our country.

Proud Graduates!

Always remember the sacrifice of all those martyrs during our liberation war of 1971. Unless they selflessly sacrificed their lives, their dreams, and their happiness, we could not possibly have stood here today and celebrated our successes. Father of the Nation, the greatest Bangali of all time, the first Honorable President of independent Bangladesh Sheikh Mujibur Rahman had led the nation towards a memorable victory. But he did not stop at that. He went on to build his 'Shonar Bangla' and initiated all the necessary steps and took policies to materialize his dream. In the very first budget declared by the Mujib Government, the education sector got 20.1 percent of the whole budget, the highest budgetary allotment of that period. Bangabandhu knew clearly that in rebuilding and reconstructing a nation, the importance of education is undeniable. He took all the measures necessary to uplift the quality of education and to ensure the mass literacy of the then-war-torn nation. Now, if we fail on our part in developing the country we cannot keep what was hard earned by our ancestors. So, there is no scope for failing! Look forward and take the strides to materialize the dream of thirty lac martyrs, who have laid down their lives for our bright future.

My Dear Future Warriors of Shonar Bangla!

You have taken a key step towards your successful future and for the betterment of your family and society. You have worked hard and spent months learning new sets of skills. Now is the time to implement classroom lessons into the real world, to show the world what we can do. To prove that the victory that we gained in 1971 was not an accident, neither was served to us but we achieved it by making the impossible possible through sacrifices of millions of lives.

Let me take my leave with these words of Ralph Waldo Emerson, the famous American philosopher, "Do not follow where the path may lead. Go, instead, where there is no path and leave a trail". That is to say, do not follow examples only, try to make one!

Best of luck to all of you in all your future endeavors!

Thank you.

Welcome Address

Prof. Dr. Shahid Akhtar Hossain, Vice-Chancellor

The Chief Guest, Mr. Mohibul Hassan Chowdhury, MP, Honorable Deputy Minister, Ministry of Education, Govt. of the People's Republic of Bangladesh;

Special Guest, Professor Dr. Biswajit Chanda, Member, University Grants Commission of Bangladesh;

Our Convocation Speaker, Dr. A K Azad Chowdhury, Professor Emeritus, University of Dhaka, Former Chairman, University Grants Commission of Bangladesh and Former Vice Chancellor, University of Dhaka;

Mr. Mohammad Ali Azzam, the Chairman, Board of Trustees, Eastern University;

Members of the Board of Trustees, the Syndicate and the Eastern University Foundation;

Excellencies, Respected Vice Chancellors, Deans and Professors of the Universities who are present at this event;

Distinguished invitees, Faculty Members, proud parents and guardians, and most importantly the extraordinary graduating students, ladies and gentleman,

Assalamu Alaikum and a very good afternoon!

Today is the day of 7th Convocation of Eastern University, a day that has brought immense joy and a pride to the life of every student, their parents and indeed of the Eastern University as a whole. This Convocation is doubly important for us because not long ago we achieved the Permanent Certificate from the UGC which is a sure recognition of our living up to the standard of quality education.

All in all, this is indeed a crowning moment of glory for all of us!

Our last, the 6th Convocation, was held on 16 November 2019. For various reasons we could not hold our 7th Convocation till today. Thus, it is an honor and a great privilege for me, as the Vice-Chancellor of this University, to welcome you all to this grand ceremony this afternoon.

It is also my privilege to express my gratitude to the Honorable Chancellor, His Excellency Mr. Mohammed Shahabuddin, President, People's Republic of Bangladesh and his Secretariat, Ministry of Education and the University Grants Commission for their constant support to Eastern University.

I express my sincere gratitude to Mr. Mohibul Hassan Chowdhury, MP, the Deputy Minister, Ministry of Education, who has been extremely supportive of our university all along and has graced many events of the university with his kind presence including this Convocation.

It is indeed a great honor for us and for the students that the Deputy Minister is with us this afternoon to confer degrees on the graduating students on behalf of the Honorable Chancellor. We are also equally grateful to Professor Dr. Biswajit Chanda, Member of the UGC for gracing the occasion with his kind presence.

I also express my heartfelt gratitude to Professor Emeritus Dr. A K Azad Chowdhury for accepting our invitation and for agreeing to contribute to this event as the Convocation Speaker.

May I also thank the Members of the Eastern University Foundation, the Chairman and the Members of the Board of Trustees, members of the Syndicate, Academic Council, Conveners and Members of different Committees of the University for their persistent effort to strengthen the University and for their contributions to achieve this milestone and for their presence at this memorable occasion.

Ladies and Gentlemen,

The mission of Eastern University is to become a globally recognized university in its chosen fields of higher education and research. We try to maintain an uncompromising standard in terms of quality. Our aim is to equip our students with necessary knowledge and skills for pursuing successful careers in their professional life in an increasingly competitive and globalized world.

Eastern University has, in the last twenty years of its long journey, merited itself as one of the leading universities for its standard of education, highly qualified and internationally acclaimed faculty, excellent teaching-learning environment conducive to the students. We have extensive academic and co-curricular activities, successful internship and job placement opportunities, modern digitized library, extensive national and international networks in the academia, good governance and effective administration and indeed, a very beautiful campus located in a quiet and peaceful landscape far from the madding crowd of the city.

Since its inception in 2003, more than 10,000 students have graduated from Eastern University and today 3109 students are getting their degrees. I am happy to say that most of our graduates are either employed in prestigious national and international organizations or have become entrepreneurs and successful professionals.

Eastern University, although small in terms of number of students, has by now been ornamented with several national and international educational accolades. Notably, EU mooting teams clinched National Championship of the Phillip C Jessup International Law Moot Court Competition (World Cup Moot) thrice in 2017, 2018 and 2022 and have qualified to the White and Case International Rounds of Jessup, held in Washington D.C., USA, in 2017, 2018, 2019, and 2022 respectively. Furthermore, our mooting team bagged the Bronze Award in regional rounds of the Stetson International Environmental Moot Court Competition, 2022 and as the first Bangladeshi team has qualified for its international rounds held in Florida, USA. On top of that, being National Champion accompanied by the Best Memorial Award, another mooting team advanced to the Asia Pacific rounds of the Henry Dunant Memorial Moot Court Competition held in Hong Kong in 2022.

In order to make Eastern University an important international global partner in higher education, we have already signed MoU with more than 24 internationally renowned universities in the USA, Europe, Australia, New Zealand, Finland, China and Malaysia. Under these agreements, student-teacher exchanges, joint research projects, and faculty development training are being organized regularly. Some of our students are currently pursuing their higher studies in some of our partner universities.

To provide quality education to our students, Eastern University has always appointed highly qualified and dedicated teachers from reputed universities. At present, we have 76 qualified full-time faculty members and a number of distinguished guest faculty members from renowned universities at home

and abroad. Currently, 93 faculty members are pursuing higher studies abroad, and some have already resumed their faculty positions upon receiving prestigious foreign degrees. The university also provides research fund to encourage faculty members to conduct quality research and to publish papers in reputed journals. As part of CSR (Corporate Social responsibility), we offer services and organize awareness programs to contribute to the welfare of the society. We provide full free tuition fees waiver to the children of Freedom Fighters and to the students who are meritorious but from needy family and cannot bear their education expenses. Many other waivers are given on the basis of merit and need, to the students.

Eastern University, known for its commitment to academic excellence and holistic education, has set forth an ambitious and exciting future development plan that aims to further elevate its reputation as a premier institution of higher learning. This plan encompasses various aspects of the university's growth, including academic programs, infrastructure, research initiatives, and community engagement. In line with this plan we have already successfully launched two new programs – Department of Pharmacy under Faculty of Life Science and Civil Engineering under Faculty of Engineering and Technology. At Eastern University, a new academic frontier unfolds with the introduction of the program centered on Islamic Finance, Banking, and Insurance under Faculty of Business Administration. This pioneering initiative marks itself as the first-ever undergraduate and graduate curriculum of its kind in Bangladesh, boasting official recognition from the UGC, Bangladesh. Moreover, our Department of Law has launched a special LLM course on Human Trafficking and Smuggling fully funded by the United Nations Office on Drugs and Crime (UNODC).

In keeping with the global trends and skills, we have introduced Chinese Language Course, Social Business Course and Specialist Training course on print and broadcast journalism in our university. Recently, we have successfully completed a six-week-long training course titled 'Obama- Chesky Voyager Project: Design for Bangladesh' inaugurated on July 6 at the Faculty of Engineering and Technology of Eastern University in Ashulia, Savar. Stanford University of the United States has organized this training program with 10 students from Eastern University. Eastern University has been selected by Stanford University as the first university in Bangladesh with the aim to develop relations with academia and society of African and third world countries. We have also signed a Memorandum of Understanding (MoU) with The Othello Financial Service Limited of Japan. Under the agreement, our students will be able to complete an internship program of six months to one year in Japan. They will also get paid during the internship. All these are pioneering and transformative initiatives relevant to the commerce and social development needs of the contemporary world.

Investments in infrastructure are a cornerstone of Eastern University's development plan. The university envisions the construction of modern facilities equipped with advanced technologies to enhance the learning experience. This includes cutting-edge research labs, collaborative spaces, and a comprehensive digital infrastructure that supports both on-campus and online learning.

To encourage and inspire the youth of Bangladesh and to prepare them to excel in their education, Eastern University regularly organizes Math Olympiad, Business Challenge, Battle with English, Youth Convention, Reception of GPA-5 holders in HSC examinations and Scholarship Awards to meritorious students. Besides, we have 23 clubs to encourage talents of students and develop co-curricular activities. I believe I have said enough to inform you of the university and its scholastic aspirations and accomplishments.

Let me now focus on the real heroes of this grandiose event – the graduating students.

My dear graduates,

First of all, a big congratulations and a big hug from all of us to you,

I also take this opportunity to thank your proud parents and the guardians who have made sacrifices and supported your education.

Let me also put on record my appreciation of the role that the faculty members and all other staff of EU have played in your academic journey at this university.

Convocation is a recognition that your hard work has paid off. You have proved your worth. You are now among the selected few who have earned the unique distinction of being the holder of prestigious tertiary degrees. This is a moment that calls for joy and celebration! This is the kind of moment the like of which is rarely to be repeated in one's life! So, enjoy yourselves to your heart's content and let yourselves loose like a roaming bird sailing towards the distant horizon! You deserve it!

At the same time, may I also take this opportunity to remind you that while graduation is the end of one journey, it is also the beginning of another, no less challenging than the one you have just finished. For now, you must square your education with the practical necessities of your professional life. I hope you will prove your worth in your respective work field and be able to translate what you have learnt into action. Remember it is not important that you have a degree, it is important that you use it. And you must use it to change your own lives and your surroundings, to create a better society and the world a better place.

In a world dominated by Artificial Intelligence and constantly changing technology, it is unavoidably important to be technologically advanced and to acquire skills to keep pace with this fast-moving world. And your education and learning should be oriented towards achieving those skills. But at the same time, you must remember, as a human being you count morally. And no set of skills, whatever they are, must be earned and used at the expense of destroying your potential to become a good human being. That is where your responsibility towards your family, society and, above all, towards your fellow human beings comes in. That is where the ideal of selfless services through education comes, an ideal which has been the proud goal the Eastern tradition all along.

Furthermore, let us not forget that the vision of our great Liberation War was to establish a society without discrimination and corruption and an economically self-reliant and a morally enriched nation. Literacy rate has increased to a great extent and the number of educated people have also gone up in the country. These are positive indicators of sustainable development. Yet, we have to go a long way to ensure the fulfillment of the goals for which over three million martyrs sacrificed their lives in 1971. It is my fond hope that you will keep in mind our commitment to the aspirations of those martyrs and work sincerely to achieve the dreams of our liberation for yourselves and for the generations after you.

Finally, I once again whole-heartedly thank you all, especially all the members of the Board of Trustees, Registrar, Deans of the Faculties, Chairpersons of the Departments, the teachers, administrative officers, and all those who worked relentlessly; for without their concerted effort, it would have been difficult to hold this Convocation successfully.

Ladies and gentlemen,

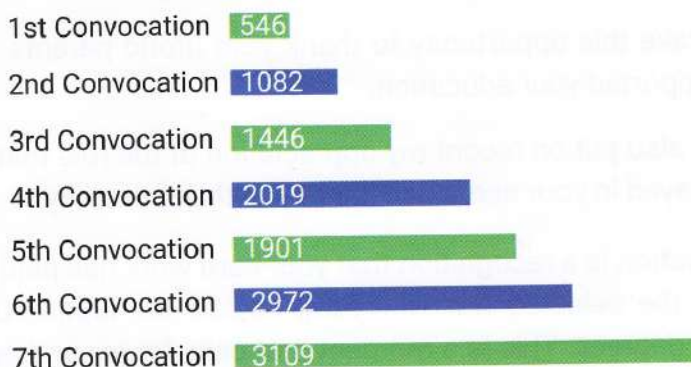

I thank you all for your attention and for being here to encourage us.

Stay safe and blessed. Allah Hafez.

Eastern University: A Leader in Quality Education

History

Committed to an ideal of “quality higher education at an affordable cost”, a group of educational philanthropists comprising academics, industrialists, engineers and retired civil servants established Eastern University in 2003 under the Private University Act 1992, and later on approved under Private University Act of 2010. The university was set up by Eastern University Foundation - a non-profit, non-political and philanthropic organization. The Foundation has 30 members. The governance of Eastern University is carried out as per the Private Universities Act of 2010 by several bodies: Board of Trustees, Syndicate, Academic Council, Curriculum Committee, Finance Committee, Teacher Selection Committee and Disciplinary Committee.

Eastern University is widely known for its quality education, superior faculty composition, excellent academic environment, sincere care for students, extensive co and extra- curricular activities, successful internship and job placement, modern digital library, good governance and administration and convenient location of the campus.

The Ministry of Education has given Eastern University a certificate of permanent establishment and management on 22 March 2023 in accordance with Section 10 of the Private University Act 2010 after evaluating the overall issues including the education environment, quality standards, all the performance related to education and meeting all the conditions of the private university.

More than 13,000 students have graduated from the university by 2023 and about 3000 students are now graduating this convocation.

Vision

The vision of Eastern University is to be a globally recognized university in its chosen fields of higher education and research in terms of quality.

Mission

The mission of the University is to equip the students with knowledge and skills essential for leadership in private and public sector in the increasingly competitive and globalized environment.

Governance and Administration

His Excellency the President of Bangladesh is the Chancellor of Eastern University as per the Private University Act of 2010. The governance of the University is vested with a 21 member Board of Trustees (BOT) comprising 20 members drawn from the Eastern University Foundation and the Vice Chancellor as an ex-officio member. The Board is chaired by the Chairman of the Board elected by the Foundation. The board is assisted by the Syndicate, Academic Council, Finance Committee, Faculty Selection Committee, Staff Selection Committee and Institutional Quality Assurance Committee. The administration consists of the Vice Chancellor, Pro-Vice Chancellor, Treasurer, Registrar and Controller of Examinations.

Future Development Plan

Eastern University, known for its commitment to academic excellence and holistic education, has set forth an ambitious and exciting future development plan that aims to further elevate its reputation as a premier institution of higher learning. This plan encompasses various aspects of the university's growth, including academic programs, infrastructure, research initiatives, and community engagement.

1. Academic Innovation:

Eastern University is dedicated to adapting its curriculum to meet the evolving needs of students and industries. The future development plan includes the introduction of new interdisciplinary programs that combine traditional disciplines with emerging fields, fostering a diverse skill set among graduates.

2. State-of-the-Art Infrastructure:

Investments in infrastructure are a cornerstone of Eastern University's development plan. The university envisions the construction of modern facilities equipped with advanced technologies to enhance the learning experience. This includes cutting-edge research labs, collaborative spaces, and a comprehensive digital infrastructure that supports both on-campus and online learning.

3. Research Excellence:

Eastern University is committed to expanding its research capabilities and impact. The future development plan allocates resources to establish research centers of excellence, foster collaboration among faculty members, and encourage students to engage in meaningful research projects that address real-world challenges.

Faculty of Business Administration

The Faculty of Business Administration (FBA) distinguishes itself as a center of advanced and premier leadership education within the domain of business studies. Renowned for their extensive research backgrounds and global exposure, the highly qualified faculty members play a pivotal role in providing personalized guidance. This guidance serves to nurture and shape student cohorts into not only proficient managers but also compassionate individuals.

Within the FBA's offerings are three distinctive programs: a comprehensive four-year Bachelor of Business Administration (BBA), a focused two-year Master of Business Administration (MBA), and an intensive one-year Executive Master of Business Administration (EMBA). Along with these programs, a new academic frontier unfolds with the introduction of the program centered on Islamic Finance, Banking, and Insurance which offers both BBA and MBA in Islamic Finance, Banking and Insurance. These programs collectively cater to a spectrum of educational aspirations and career pathways. etc.

Faculty of Engineering & Technology

The Faculty of Engineering & Technology (E&T) offers four-year B.Sc. Programs in Electrical & Electronic Engineering (EEE) in Computer Science & Engineering (CSE) and in Civil Engineering. The Faculty is committed to ensuring quality education with a team of talented, dedicated and cordial faculty members as mentors of the students. So it has gathered a group of talented and outstanding faculty members with foreign degrees to nurture young students in various fields of engineering and technology. With its highly qualified faculty members, meticulously designed international standard curricula of the academic programs and with Laboratories, furnished with cutting edge technologies and software programs, this faculty provides an excellent learning environment.

10 students selected from the Faculty of E&T receives certificates of three-month-long training program conducted by Stanford University, USA

Faculty of Law

Faculty of Law, Eastern University (EU), is one of the country's leading law schools, accredited by the University Grants Commission of Bangladesh. It has consistently drawn the most brilliant legal minds, both academically and ideologically, providing an inspiring hub for thought exchange. Particularly the Faculty of Law is known for its outstanding teaching staff most of whom have graduated from the best law schools from home and abroad. Professionally active and industrially engaged, these academics mentor the students with great care and skill.

The faculty offers a four-year LL.B. (Hons.) program for Undergraduates and a one-year LL.M. for Graduate students specializing in International Law and certificate courses in different fields of law. EU's law curricula reflect the changing requirement of the legal profession. Students are given extensive training in various forms of Legal Drafting and Advocacy. The curriculum and pedagogy are intended to provide students with extensive exposure to courses in domestic, international, and comparative law.

Faculty of Life Science

Faculty of Life Sciences starts its journey in 2023 with the Bachelor of Pharmacy (Honours) program that has received approval from the UGC (University Grants Commission). Pharmacy is a multidisciplinary subject and this program has been designed to provide students with a comprehensive understanding of the principles and techniques of pharmaceutical sciences. It will provide students with a coordinated understanding, comprehensive knowledge and expertise in all disciplines of pharmacy. Lectures along with practical classes, seminars, in-plant training, interactive small group discussion and tutorials will be part of the Bachelor of Pharmacy (Hons.) program. The objective of the program is to equip candidates with the knowledge required for the identification, formulation, preparation, standardization, quality control, and utilization of drugs and medicines. Additionally, it aims to promote research in various fields of pharmacy to develop improved techniques for production, quality control, and standardization of drugs and medicines.

Bachelor of Pharmacy (Hons.) is a four-year course that has been designed for students to acquire sufficient knowledge on the principles & techniques of the pharmaceutical sciences as well as theoretical courses. The principal education philosophy in department of pharmacy is to provide a sound professional education and training that corresponds with the contemporary state and standard of pharmaceutical sciences supported by laboratory practices and trainee-ship. The curriculum of the Bachelor of Pharmacy (Hons.) program comprises 76 courses equivalent to 164 credits. Of these, 149 credits are dedicated to core pharmacy courses, while 15 credits are allocated to non-pharmacy courses relevant to the field. The department aims to prepare pharmacy graduates for a wide range of career opportunities, including pharmaceutical production, pharmaceutical marketing, hospital pharmacy, clinical research, and roles in academic and research institutions.

The department has ambitious plans for the future, including the establishment of specialized Master of Pharmacy (M. Pharm) programs in pharmaceutical chemistry, clinical pharmacy and pharmacology, pharmaceutical technology, and pharmaceutical marketing. The development of a state-of-the-art animal house for breeding animals for research and commercial purposes is also in the process. Furthermore, a Model Pharmacy will be established to facilitate experiential learning, professional skills development, community outreach, and career preparation.

Centers and Cells to ensure quality:

The University has four specialized centers and two cells: Center for Modern Languages, Center for Research and Development, Center for Innovation and Incubation, Center for Faculty and Staff Development, General Education Cell and Institutional Quality Assurance Cell (IQAC).

1. The Center for Modern Languages at present offers certificate and short courses on Chinese Language. A Chinese Language teacher on deputation under a collaboration agreement with Yunnan Open University in Kunming, China, is teaching the courses at EU. The launching of a Certificate course on Japanese is in process. Few other language courses will be added soon.

2. The Center for Research and Development (CRD) allocates research funds, procures and monitors research projects and consultancy projects, and organizes research seminars and training on research methodology. It publishes a bi-annual research journal, namely, The Eastern University Journal.

3. The Center for Innovation and Incubation encourages students and faculty to come out with innovative ideas of products, designs or process, experiment and test them in the center and continue development of the potential ones to the final stage and commercialization, if feasible.

4. The Center for Faculty and Staff Development offers courses, workshops, seminars, and conference for continuous skill development of faculty members in teaching-learning and of officers and executives in administrative tasks. The Center also conducts research for innovation and improvement in teaching-learning and administrative process.

The General Education Cell aims at providing liberal arts education to all undergraduate students of the university. It offers, organizes and coordinates general education courses in the area of language, arts, humanities, science and social science.

Teachers' Talk, Spring 2023

Campus

Eastern University has already established its campus at Ashulia Model Town, Khagan, Akran, Ashulia, Dhaka. The campus is located in a calm and quiet place amidst the luscious greenery of countryside. The spacious class rooms, well equipped labs and a seminar and conference room provide necessary support to the teaching-learning process of the students and teachers. The campus is built on 20 bighas of land approved by RAJUK on 13 October 2015. The 9-storeyed new state of the art academic building has a total of 1, 48, 500 square feet space. The building consists of a library, auditorium, class rooms, engineering labs and a gymnasium with all the modern amenities. Along with all these, there is a guest room, cafeteria and a fascinating multi-purpose playground. The complete campus project includes spacious football and cricket field, a large auditorium, library, residential facilities for the faculty members, officials, and separate dormitories for male and female students on a sprawling 20 bighas of land with natural sights and scenes.

EASTERN UNIVERSITY PROFILE

Office of the Registrar

Registrar's office has multidimensional responsibilities towards the university's major constituents – students, guardians, faculty, staff, Board of Trustees, and the institution as a whole. The Registrar's Office is considered as the custodian of the university for its invaluable role and functions to uphold the image of the university as assigned by the Board of Trustees.

The Registrar's office engages with Eastern University students at every stage of their journey from the moment they join the university. The office is a mission-critical support unit that materially facilitates the mandate of the university; we identify, nurture, support, and celebrate our mission with our students whom we see as leaders of tomorrow.

The office is responsible for maintaining the accuracy, integrity, and privacy of student individual records; for ensuring compliance with Eastern University's policy and higher education regulations; and for facilitating administrative processes for students, faculty, and Eastern University's academic programs. Officials of the Registrar's Office advise students about their registrations, drop/withdrawal of course(s)/semester, academic year extension, and other relevant issues. Registrar's office preserves the personal file of all students with necessary documents.

The Registrar's office must comply with and ensure conformity with institutional policies and procedures. This is achieved in accordance with the academic policies and procedures laid down by the Private University Act 2010, rules and regulations formulated by the Ministry of Education, the University Grants Commission of Bangladesh, the Board of Trustees, the Syndicate, and the Academic Council. The Registrar is a Member-Secretary of the Syndicate and the Academic Council. The Registrar's office also provides all kinds of secretarial support to the Vice Chancellor and all other competent authorities in most of the affairs of the university.

In addition to its regular duties, the Registrar's Office at Eastern University has a number of other functions. These include the Human Resources Management, Information Technology Support, maintenance and updating of Eastern University Automation System and Website, Medical Care, and the Psycho-Social wellbeing of the students, faculty and staff, engineers, logistics, store and transportation. The Registrar also facilitates and supervises the smooth operation of the Campus and the hostels of the male and female students. Centers and Cells to ensure quality:

The University has four specialized centers and two cells: Center for Modern Languages, Center for Research and Development, Center for Innovation and Incubation, Center for Faculty and Staff Development, General Education Cell and Institutional Quality Assurance Cell (IQAC).

1. The Center for Modern Languages at present offers certificate and short courses on Chinese Language. A Chinese Language teacher on deputation under a collaboration agreement with Yunnan Open University in Kunming, China, is teaching the courses at EU. The launching of a Certificate course on Japanese is in process. Few other language courses will be added soon.

2. The Center for Research and Development (CRD) allocates research funds, procures and monitors research projects and consultancy projects, and organizes research seminars and training on research methodology. It publishes a bi-annual research journal, namely, The Eastern University Journal.

3. The Center for Innovation and Incubation encourages students and faculty to come out with innovative ideas of products, designs or process, experiment and test them in the center and continue development of the potential ones to the final stage and commercialization, if feasible.

4. The Center for Faculty and Staff Development offers courses, workshops, seminars, and conference for continuous skill development of faculty members in teaching-learning and of officers and executives in administrative tasks. The Center also conducts research for innovation and improvement in teaching-learning and administrative process.

The General Education Cell aims at providing liberal arts education to all undergraduate students of the university. It offers, organizes and coordinates general education courses in the area of language, arts, humanities, science and social science.

Maintaining Employee Records: The accurate and secure management of employee records is at the heart of our operations.

Disciplinary and Grievance Procedures: We ensure fair and just handling of disciplinary matters and grievances.

Strategic Human Resource Planning: Anticipating the future, we engage in strategic human resource planning to meet evolving needs.

Nurturing Growth: Through training and development initiatives, we empower our workforce to excel. At Eastern University, our Human Resources Section goes above and beyond to facilitate the growth and development of our esteemed faculty members and dedicated staff. We proudly offer two comprehensive programs: The Faculty Development Program and the Staff Development Program. These initiatives are thoughtfully bolstered by our HR section, which arranges for the presence of exceptionally qualified and professional resource individuals.

Office of Information Technology (IT)

Eastern University's IT facilities and services form a robust and integral part of the institution's commitment to technological excellence and academic success.

IT Facilities:

Campuswide Connectivity: Eastern University boasts a high-speed and secure network infrastructure, ensuring seamless internet access across the entire campus, including classrooms, libraries, and residence halls.

Computer Labs: Well-equipped computer labs provide students with access to up-to-date hardware and software, facilitating coursework, research, and collaborative projects.

Virtual Learning Environment: The university maintains a sophisticated virtual learning environment (VLE) where faculty can deliver course materials and students can engage in online learning, discussions, and assignments.

Library Resources: The library offers digital resources, extensive databases, and electronic journals to support research and academic endeavors, all easily accessible to students and faculty.

Research Computing: Specialized high-performance computing clusters and research software empower faculty and students to undertake cutting-edge research in various disciplines.

Multimedia Facilities: State-of-the-art multimedia classrooms and lecture halls enhance teaching and learning experiences with audiovisual technology.

Wi-Fi: More than 1 lac and 20 thousand square feet area is covered by Wi-fi

Security Camera: The whole campus is under 24/7 CCTV surveillance

IT Services:

Help Desk and Technical Support: A dedicated IT help desk provides prompt assistance for technical issues and inquiries, ensuring a smooth user experience.

Network Services: IT team manages and maintains a reliable and secure campus network, both wired and wireless, to enable uninterrupted internet access.

Email and Communication Tools: Faculty, staff, and students benefit from email services and collaborative communication tools, fostering efficient interaction and teamwork.

Software: Eastern University's proprietary software solutions are tailored to meet the unique needs of its academic and administrative processes. These in-house developed applications streamline operations, enhance efficiency, and contribute to a seamless university experience. From academic management to research support and administrative efficiency, Eastern University's software solutions are designed to empower its community with cutting-edge technology.

Software Licensing: Management of software licensing agreements ensures compliance and cost-effective procurement of necessary software.

IT Training: Workshops and training sessions equip users with the skills needed to maximize available IT resources.

IT facilities and services are instrumental in fostering a dynamic and technology-driven academic environment. They empower students, faculty, and staff to excel in their educational pursuits, research endeavors, and administrative tasks while maintaining the security and integrity of the university's digital infrastructure.

Creative Section

The Creative Section under the Vice Chancellor's Office at Eastern University is a dynamic and innovative department dedicated to enhancing the university's digital presence and marketing efforts. With a diverse range of responsibilities including digital marketing, social media marketing, video marketing, and creative design, this section plays a pivotal role in shaping the university's identity in the virtual world.

Digital Presence: Eastern University recognizes the importance of a strong digital presence in today's digital age. The Creative Section is responsible for managing and maintaining the university's website, ensuring that it is not only visually appealing but also user-friendly and up-to-date. They work tirelessly to provide a seamless online experience for students, faculty, staff, and visitors.

Creative Design: Visual appeal is essential in capturing the attention of today's digital audience. The creative team excels in producing eye-catching graphics, banners, and promotional materials that align with the university's brand identity. They ensure that all design elements are aesthetically pleasing and in harmony with the university's values and mission.

Front-End Web Design: The user experience on the Eastern University website is of utmost importance. The creative team focuses on front-end web design to create a website that is not only visually stunning but also easy to navigate. Their goal is to make information readily accessible and user-friendly for all visitors.

Digital Marketing: To reach a wider audience and engage with prospective students and stakeholders, digital marketing is the key. The Creative Section employs various digital marketing strategies, including search engine optimization (SEO), email marketing, and pay-per-click advertising, to promote Eastern University and its programs effectively.

Social Media Marketing: In an era where social media is a dominant communication platform, this section utilizes popular social media platforms to engage with the university's community. They create engaging content, manage social media accounts, and run campaigns that showcase the university's achievements, events, and culture.

Video Marketing: Video content is a powerful tool for storytelling. The Creative Section produces captivating videos that highlight Eastern University's unique attributes, from campus tours to student success stories. It also provides virtual campus tour for the students. In today's world a university virtual tour is a powerful tool for prospective students seeking information online. This could give a detailed and realistic glimpse into campus life, facilities, and academic environments without the need for physical visits. This is especially valuable for international or distant applicants who may not have the opportunity to visit in person. In essence through a university virtual tour we help students make informed decisions about their higher education choices from the comfort of their screens.

In a word, the Creative Section of Eastern University is at the forefront of the university's digital initiatives. Their dedication to maintaining a strong digital presence, implementing effective marketing strategies, and producing visually appealing content ensures that Eastern University remains competitive and relevant in today's digital landscape. Through their efforts, they continue to strengthen the university's brand, engage with its community, and inspire prospective students and stakeholders alike.

Admission Office

The goal of Eastern University is to produce future leaders with knowledge and skills essential for leadership in the country's private and public sector in increasingly competitive and globalized environment. The university is committed to prepare its students as professionals by exploring and promoting their creativity, infusing knowledge and developing their skills. Admission office plays an important role in fulfilling this goal by recruiting and selecting the right kind of students. It is the first access point for the students. The office provides information about the university, admission procedure and deadlines. The trained counselors of the office provide guidance to the prospective students in selecting the right academic program, financial matters and accommodation and living tips. The counselors and other office staff are very friendly and helpful. For the convenience of the prospective students, the Admission Office remains open on weekdays as well as on weekly and other holidays.

Admission Procedure and schedule:

The entire process of admission goes through a selective procedure. Applicants are screened on the basis of the minimum GPA requirement set by the University Grants Commission. Qualified candidates are invited to sit for the admission test after submitting their admission form. The Admission test is highly competitive and the applicants require satisfactory marks in the test in order to secure their seats. The application deadline and date of the admission test are announced in major national dailies and on the website of EU. The admission procedure for Spring begins in the first week of January and ends with the commencement of classes in June while the admission procedure for Summer starts in July and ends with the commencement of classes in December.

Career Services and International Office (CSIO)

Career Services & International Office (CSIO) at Eastern University (EU) is dedicated to equipping students with the tools and resources needed to excel in their career. Our mission extends beyond mere job placement, encompassing a comprehensive approach to fostering career growth and development. At CSIO, we take pride in guiding students along their professional journey, addressing immediate needs, setting timelines, devising effective career strategies, and establishing vital connections between students, alumni, potential employers, and international academic partners.

The CSIO operates with two primary objectives-

Empowering EU Students for Successful Careers:

We are committed to ensuring that EU students are well-prepared for their future career. To achieve this goal, CSIO offers a range of services as,

- **Adapting to Industry Changes:** We equip individuals with the skills to navigate the ever-evolving corporate landscape.
- **Fostering Respect for Work:** We promote a realistic appreciation for the value of all types of work and workers.
- **Self-Discovery:** We assist individuals in identifying their unique strength, interests, and abilities.
- **Informed Decision-Making:** We guide students through informed decisions about career paths and alternatives.
- **Current Market Insights:** We keep our students updated regarding the ever-changing scenerio of career prospects and labor market trends.
- **Exploring Opportunities:** We introduce students to a wide array of potential careers and educational paths.
- **Guidance in Choices:** We offer customized counseling to help students make suitable educational and occupational choices.

Eastern University Career Fair 2020

Building Global Academic Collaborations:

CSIO is dedicated to fostering strong relationships with international universities to enhance academic and research opportunities. Our endeavors include but are not limited to

- **Facilitating Higher Education:** We offer guidance to EU students seeking higher education, both with our partner universities and other esteemed international institutions, based on their preferences and abilities.
- **Connecting Globally:** We maintain a network of global connections, sharing information about international academic events, conferences, summer school programs, research prospects, and other opportunities with EU students, faculty, and officials.
- **Smooth Transition:** We assist students with visa procedures, accommodation arrangements, and other necessary formalities, ensuring a seamless experience for both inbound and outbound students.
- **Support for Exchange Students:** We aid incoming exchange students and international scholars in the admission process at Eastern University, providing comprehensive information on housing and offering comprehensive guidance.
- **Unlocking Scholarships:** We provide valuable information to EU students about various international scholarship opportunities.

Internship and Job Placement

The Eastern University fosters robust partnership between academia and industry, offering a wide array of internship opportunities to eligible students. These opportunities are taken care of by dedicated faculty members, with support from the CSIO. It is worth mentioning that currently EU students have the chance to pursue internships in Japan as an integral component of their academic journey.

CSIO plays a pivotal role in coordinating on-campus recruitment efforts and disseminating vacancy announcements via official notice boards and online platforms. Moreover, the office extends its assistance in internship and job preparedness, ensuring a seamless process for all involved.

Mr. Md. Asraf, Section Officer (Accounts Related), IQAC

Mr. Firoj Alam, Section Officer (ICT Related), IQAC

The cell was established by Eastern University in July 2015 in collaboration with the HEQEP program of the UGC, specifically its partial financial support of 3 years (July 2015 – June 2018); and later the UGC extended the project period for three months under the current Director Professor Dr. M. Ashraf Hossain (Mid-August 2017 – till date). Since then, in order to run the IQAC in full swing, several intensive initiatives for the teachers, students and staffs have been taken to train them up in order to achieve and assess quality of the university in terms of teaching and learning, support facilities and services.

After the HEQEP-supported project period, the IQAC became a full-pledged entity of EU. Since then, the IQAC has been working to promote sustainable quality culture in the university. [In order to ensure the quality environment and practice, the EU-IQAC has organized various events, such as three-day-long five workshops on OBE (Outcome Based Education) curriculum development for the existing five departments, Students' Debate Competition on National Budget 2018-19 and has also sent participants for the Accreditation training.] The university the upgraded curriculums of the existing programs to the UGC and the departments are ready to implement has been submitted the OBE curriculums of all the programs.

Faculty and Staff Development Centre (FSDC)

The mission of the Faculty and Staff Development Centre (FSDC) is to help the faculty members and administrative staff in their career development by capacity building, skill improvement and positive attitude formation. The centre caters to career building needs of both faculty members and administrative staff. It offers two programs – one is the Faculty Development Program (FDP) and the other is the Staff Development Program (SDP).

Faculty Development Program (FDP)

The explosion of knowledge, innovation and technology in all fields of learning have posed the new generation learners a challenge – a challenge of how, in a shorter time, to acquire the vast knowledge, analyze, assimilate and then apply them to find solutions of the problems in their life and workplace. Addressing students with heterogeneous background, goals, interests and intellectual capabilities is not an easy job for a university teacher. The FDP aims at equipping faculty members with principles, tools and techniques of teaching-learning to overcome this challenge that they are likely to face in the classroom. The training methods used are participatory, interactive and learner-centered and are based on hands-on experience.

The FDP also offers a variety of workshops/seminars on teaching-learning that include but are not limited to topics like – Research Methodology, Online Teaching & Learning, Innovation on Students' Performance Evaluation, Creative Question Setting, Examination of Answer Scripts and Grading, Teaching by Case Methods, Academic Leadership, Quality Assurance, Experimentation and Innovation in Teaching-Learning, Implementation of OBE Curriculum etc.

Staff Development Program (SDP)

Self-motivated and professional administrative team is essential to support the academic team and the student body of an institution in its development. The aim of the SDP is to enhance the professional and personal development of EU staff. SDP creates learning opportunities that are designed to maximize the staff's understanding of EU administrative practices and procedures, work environment, values and ethics etc. for providing better service and to work towards professional growth. A series of workshops like Knowing about EU, Administrative System, Relationship Development, Communication Skills, Time and Stress Management, soft Skills are offered under this program.

Office of the Finance and Accounts

The office provides services to the students and guardians through EU system generated documents, telephone, e-mail and also in person for all exam related affairs.

Medical Service and Psycho-social Counseling Center

The Medical Service offers general and emergency medical care to students, faculty and staff for free of cost. The Senior Medical Officer serves as a consultant and monitors the overall hygiene aspects in the campus, provides health education to the EU staffs and students and oversees maintenance of medical records.

At present we have a Medical Center at the campus. The medical center is run by two doctors and a female nurse working six days a week, including Friday.

Dr. Mohammad Nurul Ashraf, MBBS (DMC) is working as the Senior Medical Officer. Dr. Mohammad Nurul Ashraf has years of experience in clinical medicine and handling of outdoor patients especially in primary health care capacity.

Dr. Rana Sikder, MBBS (DU) is also working in EU medical Center. He is a young, energetic and dedicated physician.

Sawda Selim Mimu, M.Sc. (JnU) in Clinical and Counseling Psychology is working as Psycho-social Counselor at EU Counseling Center.

Ms. Sheren Akter (Diploma in Nursing Science and Midwifery), a full time female nurse is currently working at the Medical Center for taking proper nursing care of the patients.

The University has an agreement (MOU) with East West Medical College & Hospital (EWMCH) and EU members get considerable discount on pathological tests and other hospital related services

Services provided by the medical centers:

- Free primary medical services to students, teachers and, administrative staffs of the university
- Prescribe, administer and dispense routine, emergency and primary medication
- Top quality treatment, care and nursing to various patients of all ages
- Evaluate patients and provide appropriate primary care and treatment for various illnesses
- Proper treatment of minor injuries and emergency health condition and other ailments

Psycho-Social Counseling Services (PSCS)

Counseling Services of Eastern University (EU) aims to provide accessible and compassionate psychological services to students, faculties, officials and staff. Using a short-term therapy model, we help students & staffes to improve their personal, social, and academic well-being.

The most essential benefit of counseling is providing a safe, confidential space where you can explore your psychological and emotional issues without prejudice and a chance to build a relationship with a counselor you can trust to support you. Counseling should help you gain insight into why you're suffering from problems such as anxiety or depression; or help you heal the wounds of personal trauma. It can help you learn how to communicate better in relationships and managing conflict with confidence or simply discover how to live a more meaningful life.

Mission:

The mission of the university counseling service is to offer high quality psychological services that enhance personal, academic and professional growth and alleviate psychological distress or dysfunction.

PSCS have the following commitments towards the service takers :

- Maintain confidentiality
- Maintain human rights and equality
- Promote respect for the individual
- Follow ethical guideline
- Provide empathy and support
- Ensure access and equity

Service offered:

1-Counseling Session Services: It is a collaborative relationship which enables you to work together on resolving the issues through therapy and empower you, rather than providing 'ready-made' solutions. Each counseling session takes 40 to 50 minutes, generally 6 to 8 sessions are taken, but it depends on the recipient's issues, condition and so on. A person can discuss on issues such as communication difficulties, concentration problems, educational problems, relationship problems, stress, anxiety, anger, loneliness, depression, lack of confidence, low self esteem, sexual abuse, work & career related issues, confusion, adjustment problem, guilt feeling, psycho-sexual problem, loss feeling, phobia, parenting problems etc.

EU counseling services offer 4 types of session on the basis of a problem:

- Individual Counseling
- Peer Counseling
- Group Counseling
- Parent Counseling

2-Workshops, Seminars: Counseling services arrange and facilitate workshops on different psychological issues which help participants to learn positive managing techniques in solving mental difficulties they are facing in life. Psycho-Social Counseling Service (PSCS) organizes workshop & seminars on various issues such as social communication skills, anger management, stress management, exam anxiety, managing depression, self defense against sexual assault, relaxation & meditation, acceptance reality & self, self confidence, pleasant personality, positive parenting, managing job stress etc.

3-Others Activities: The PSCS also works in close collaboration with other offices, services & programs of the university.

Highlights: From May 2013 to August 2023, PSCS facilitated about

- 8000 counseling sessions
- 200 workshops & seminars
- 300 orientation classes

Office of the Public Relations

Eastern University (EU) Public Relations (PR) office communicates with the target audience directly and indirectly through media with an aim to create and maintain a positive image and create a strong relationship with the stakeholders. The office uses a number of tools and techniques to boost the EU's public image and help them form a meaningful relationship with the target audience. To achieve these, the office uses various tools like press releases and statements for media, features, Facebook Live, Youtube Channel, Video Making, advertisement, newsletter, publications, organization and participation at public events conferences, conventions, providing continuous feedback on the content of EU website, compilation of newspaper clippings and TV footage of news, organize and assist in organizing different programs of EU at local and national levels etc.

In order to make different campaigns of the university more meaningful and effective, the PR Office follows a six-step PR plan:

- Identification of objectives and different programs/campaigns of EU
- Defining goals in achieving the objectives, both organizational and program oriented
- Identifying the target audience
- Developing a schedule for PR campaigns
- Developing plan of action: Determining the communication vehicles to use to get the message to the stakeholders and to the public at large
- Track, monitor, and review the results of PR campaigns i.e. the impact of campaigns in the media and the stakeholders. Reviewing the results include redefining/modifying the course of action to be taken for even better/effective reach and impact.

Library

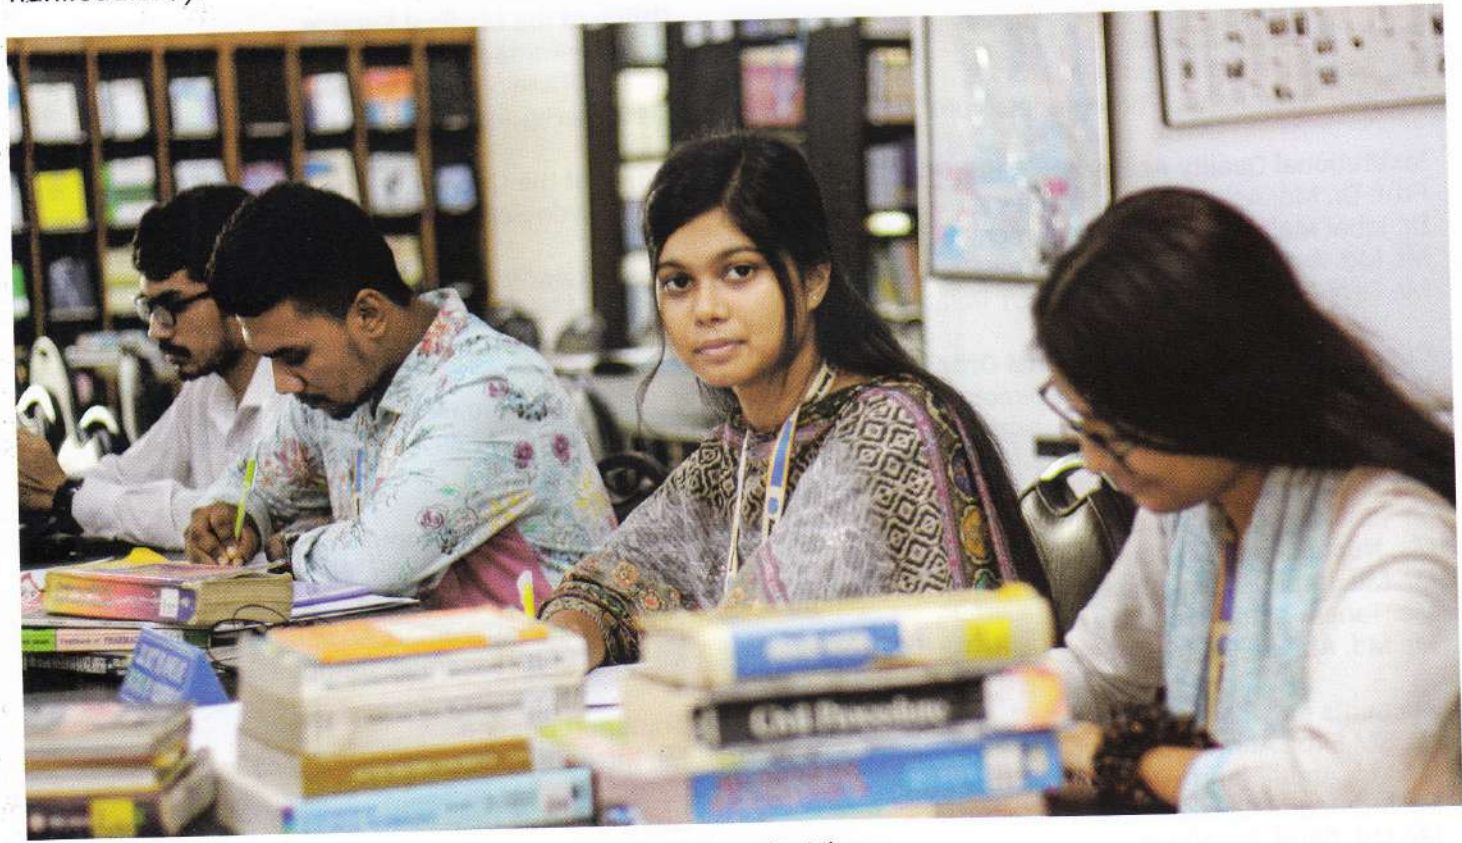

Since its inception in 2003, Eastern University has been taking all possible steps to build up a well-equipped automated modern library. At present, Eastern University has a digital (virtual) and resourceful library. The library is enriched with separate zones like seminar library, reference corner, teacher's corner, study room, silent reading area, newspaper corner, magazine corner, liberation war corner, Bangabandhu corner, internet browsing corner etc. In order to ensure the security of its resources, CCTV camera network operates round the clock. For the convenience of the users, the library remains open from 9:00am to 7:00pm six (Friday to Wednesday) days a week.

The libraries are fully automated through KOHA Integrated Library Management Software. Online Public Access Catalogue (OPAC) service is also available at Eastern University Library. The users can search library catalogue, check their borrowing status, renew issued resources and can place hold books through OPAC. It also provides auto e-mail alert services. (<http://opac.easternuni.edu.bd/>).

The Library provides remote access facility for subscribed e-resources through Myathens/Openathens. (<https://login.openathens.net/auth?>).

The Digital Institutional Repository through DSpace software includes e-journals, newsletters, theses, images, news clippings, audio-video materials, EU publications and external publications of EU family. (<http://dspace.easternuni.edu.bd:8080/xmlui/>).

Separate library website is another value added service where users can easily put up their queries from our library website. The website is developed by the Drupal CMS. (<http://library.easternuni.edu.bd/>).

Faculty of Arts

Faculty of Arts is one of the five faculties at Eastern University. The Faculty began its journey with the M.A. in ELT (English Language Teaching) program, and one semester later B.A. (Hons.) in English was added. There are now three programs in the Faculty: a four-year B.A. (Hons.) in English, a one-year M.A. in English and a one-year M.A. in ELT.

A well-earned degree in English can open innumerable job opportunities at home and abroad. English is a lingua franca and there is a great demand for competent users of the language. Graduates in English get preference in jobs ranging from teaching to media, banks, multinational companies etc. English graduates do quite well at the BCS Examinations and find it helpful to pursue MBA studies, both academically and professionally, as this combination is best for top corporate jobs.

The English Program at Eastern University now follows an outcome based curriculum combining well-balanced language and literature courses in order to cater to the job needs of its graduates. Besides, the foundation language courses at the undergraduate level are module-based, providing an intensive teaching-learning classroom environment. The Department holds extra classroom activities on a regular basis such as poetry recitation, debate, drama, vocabulary/spelling contests and classroom performance to inspire and encourage learners to become adept users of English.

The department is a very lively place with various activities involving students and faculty throughout the year. The students of the department actively participate in twenty three different clubs of the university to ensure their personal development. The department also organizes a lecture series titled "Teachers' Talk" where the faculty members of the department and also teachers from different institutions from home and abroad share their research and other interesting works with the students. A signature program of the department is "Literary Adda" – this is, in fact, a platform for the students and the faculty members to exercise their creativity and explore their talent(s) that are yet to be tapped. It also holds competitive programs for students from other institutions regularly. Moreover, the Faculty of Arts offers a certificate course in Chinese Language and Culture for those who are interested in their professional development.

The Department of English rightfully believes that it is 'The Nest for the Best' which, in fact, is its slogan and the department is working towards ensuring an environment where the students can not only accomplish their academic excellence but can also evolve to be better human beings.

Faculty of Business Administration

The Faculty of Business Administration at Eastern University is one of the leading business schools in the country and is quite renowned for business education of the highest quality in the country. Here students find a great blend of theory with practical information and become equipped with the knowledge, tools and techniques ready to contribute to the success of their employers right from the beginning.

At Eastern University, a new academic frontier unfolds with the introduction of the program centered on Islamic Finance, Banking, and Insurance. This pioneering initiative marks a significant milestone as the first-ever undergraduate and graduate curriculum of its kind in Bangladesh, boasting official recognition from the UGC, Bangladesh. Rooted in professionalism, this program is meticulously crafted to instill not only skills but also the discerning ability necessary for adeptly steering Islamic banking, insurance, and financial realms. The ultimate aim is to furnish students with the holistic expertise required to navigate the complexities of managing Islamic financial enterprises effectively.

The impact of FBA alumni is conspicuous, as they seamlessly step into prominent roles across prominent local and international corporations. Their adept leadership and value-driven contributions stand as a testament to the quality of education imparted by FBA.

In essence, FBA at Eastern University has emerged as an esteemed institution that delivers education designed not only to refine business acumen but also to foster personal development. Its array of programs and the subsequent achievements of its graduates underscore its commitment to shaping the business landscape with proficient and principled professionals.

Faculty of Engineering & Technology

The Faculty of Engineering & Technology (E&T) of the Eastern University aims at producing quality graduates imbued with the spirit of ethical values and equipped with knowledge and skills appropriate for the fast changing world so that they can face the challenges successfully wherever they are and also can contribute to social and economic development of the country.

The Faculty of Engineering and Technology is the largest faculty of Eastern University in terms of number of students. The teaching-learning methods used here are participative, interactive, experiential, learner-centered and are based on hands-on practice depending upon the nature of the course being taught. At present, this faculty with its three departments rigorously pursues the goal of providing the best quality education

Department of Computer Science and Engineering

The Department of Computer Science and Engineering offers a program of B.Sc. in Computer Science and Engineering [B.Sc. (CSE)]. The duration of B.Sc. in CSE is four years and is divided into 8 semesters. To obtain B.Sc. in CSE, students need to complete 150 credit hours with a minimum CGPA of 2.50. Our main task is to prepare students for careers in Software and Hardware industries and for advanced higher studies at home and abroad. Also a part of our mission is to ensure a comprehensive and client-oriented teaching environment that emphasizes depth, originality and critical thinking on computer science and related professional fields.

Department of Electrical and Electronic Engineering

The Department of Electrical and Electronic Engineering (EEE) offers a program of B. Sc. in Electrical and Electronic Engineering [B.Sc. (EEE)] which is already an IEB accredited program. The total credit hour of the B.Sc. (EEE) program is 149. The program includes courses from (1) general areas, namely: English, Physics, Chemistry, Mathematics, Arts, Social sciences, Accounting, and (2) Engineering disciplines, namely: Electrical and Electronic Engineering as major areas consisting of (a) Power (b) Electronics (c) Communication and (d) Control and Automation. The program offers some of the courses as core courses and students have option to choose a few courses as elective for specialization. The curriculum for the B.Sc. (EEE) has been designed to make the program goal-oriented and to fulfill the present and future needs of the age. The Department offers the program in two shifts. Shift 1 is for HSC/A 'level passed students and shift 2 is for students who have passed diploma in relevant engineering field.

Department of Civil Engineering

The Department of Civil Engineering offers a 4 years undergraduate Program of Bachelor of Science in Civil Engineering. The program is designed to satisfy the growing demand of professionals in civil engineering throughout the country. To become a graduate in this field a student has to complete 160 credit hours that are designed to meet the utmost requirements of the quality of higher education in both national and global context. The mission of this department is to become a department of quality and distinction, enabling students to flourish academically, personally, and socially by obtaining soft skill through OBE system and also to prepare the students for a wide range of exciting industrial opportunities including construction, transportation, mining, roads and highway.

Faculty of Law

The Faculty of Law, Eastern University (EU), is one of the premier law schools of the country, which has always attracted the best legal minds academically and ideologically, thereby creating an inspirational exchange centre of knowledge. Particularly, it is known for its excellent teaching staff most of whom have graduated from the best law schools at home and abroad.

This Faculty offers legal education which is the best combination of both theory and practice. The goal is to equip graduates with a solid education in the fundamentals of law and a sound understanding of its place in our society. EU's law curriculum reflects the changing requirements of the legal profession. Students are given extensive training on various forms of Legal Drafting, Mock Trial and Advocacy. Through regular public lectures, seminars and workshops etc. attempts at refining the academic research and learning about the newest doctrines are constant.

Students graduating from the department have shown excellent passing rate in the Bar Council Examination, Judicial Service Commission Examination, and Bangladesh Civil Service Examination. Successful Alumni of this Faculty include, among others, Judges, practicing lawyers in the District Courts and the High Court Division of the Supreme Court of Bangladesh, Academics in various universities and employees in different government, non-government, and international organizations (e.g., WTO, WHO, UNHCR, IOM, DRC) who now have contributed significantly to the nation.

Students from the Faculty of Law are always active in the club activities, in particular debating, mooting, sports and social welfare. The Eastern University Moot Court Society (EUMCS), exclusive to the Faculty of Law, is a club with manifold achievements.

It is worthy of mention that the Faculty of Law, EU is well acclaimed for its excellence and accomplishments in the national and international moot court competitions. Notably, EU mooting teams clinched National Championship of the Phillip C Jessup International Law Moot Court Competition (World Cup Moot) thrice in 2017, 2018 and 2022 and have qualified to the White and Case International Rounds of Jessup (held in Washington D.C., USA) in 2017, 2018, 2019, and 2022 respectively. Moreover, following the first emblem of its mooting heritage, by winning the Best Memorial Award in the Henry Dunant Memorial Moot Court Competition (ICRC Moot) 2011, EU Mooting team also bagged the National Championship and Best Memorial Awards of the Henry Dunant Memorial Moot Court Competition 2021, apart from winning the Best Memorial Award in 2022. Furthermore, another mooting team bagged the Bronze Award in regional round of Stetson International Environmental Moot Court Competition, 2022 and as the first Bangladeshi team, has qualified for its international rounds to be held in Florida, USA.

Additionally, EU mooting teams have had monumental accomplishments in other regional and national moot court competitions such as the Asia Cup Moot, SAARC Moot Court Competition, Prof. N.R. MadhavaMenon South Asian Mooting Competition, Professor Shah Alam Constitutional Law Moot Court Competition, etc.

‘আমার জীবন আমার সম্পদ, বীমা করলে থাকবে নিরাপদ’

আমাদের বৈশিষ্ট্য

১. শরীয়াহ্ ভিত্তিক পরিচালিত;
২. লাভ-লোকসান বীমা গ্রহীতা ও কোম্পানীর মধ্যে অংশীদারিত্বের ভিত্তিতে বন্টন;
৩. সুদমুক্ত খাতে বিনিয়োগ;
৪. তাকাফুল ফাউন্ডেশনের মাধ্যমে আর্ত-মানবতার সেবা;
৫. ব্যবস্থাপনায় খোদাভীরতা ও পেশাদারিত্বের অপূর্ব সমন্বয়।
